

CANNAGLOBE™

PRODUCT CATALOG

WE STAND BEHIND OUR COMMITMENT TO YOU AND YOUR FAMILY.

OUR PROCESS

CULTIVATION

We cultivate our registered industrial hemp using the highest standards of organic farming.

EXTRACTION

We offer multiple extraction methods to meet our clients needs. We produce pesticide free and solvent free products.

MANUFACTURING

We use high quality, consistent, and standardized processes to manufacture a wide variety of product offerings.

TESTING

We test in the field, during extraction, and formulation; ensuring our raw materials and end products meet the highest standards.

DISTRIBUTION

We have world class distribution facilities located in Colorado, Texas, and Missouri.

WHO IS CANNAGLOBE?

CannaGlobe grows, extracts, and manufacturers the highest quality CBD products on the market. We focus on quality control to ensure that each of our products is held to the highest standards and we test regularly for consistency, potency, and purity.

OUR BRANDS

CannaGlobe, LLC | Colorado Springs, CO - Austin, TX | 833-954-2498 | sales@cannaglobe.com

This product is not intended to diagnose, treat, cure, or prevent any disease and has not been evaluated by the FDA.

The distinguished reputation of Moonshine Organics is built on products of outstanding quality and distinctive character. Each and every product is sourced and crafted under the watchful eye of our Master Crafter. Our demanding specifications reveals our unrivaled commitment to the mastery of extraordinary passion and unique spirit.

Our premium gourmet pectin gummies are formulated with simple and clean ingredients, without artificial colors or flavors. Our gummies come in assorted craft cocktail flavors — Old Fashioned, Tommy Dean's Sidecar, Moscow Mule, Margarita, Pina Colada, Mojito, Irish Creme, and Paloma. They are delicious, vegan, and contain 35mg of full spectrum per gummy. Sold in a pack of 15 gumdrops with assorted flavors.

Paid partnership with moonshine_organics

sarairollins

I've been experimenting with dosages of @moonshine_organics 🍷 I took a while to try this out before letting you guys know about it - with my conclusion being : 🍷 best addition to my life! I don't generally like products that contain too much thc, this has a super small amount, and formula of phytocannabinoids that work with your body's chemistry to give you just what you need- laughing til your belly hurts? A zen moment ? Some other highlights- doesn't make your eyes red, and 0 munchies! My flavor is Vodka Energy - doesn't contain alcohol tho lol. Lmk if you try it! I added it to the link in my bio #moonshineorganics #ad

White Label - Ground Coffee

DESCRIPTION

Let health and wellness come to you with a gourmet twist in our luxurious hemp flower coffee. With beans grown in a lush, mountain paradise in Colombia, and the finest hemp from American family farms, our coffee offers beautifully balanced energy.

Cannabinoid profile per serving varies per customers request.

Flavors:

Founders' Blend - hints of Chocolate Caramel and Hazelnut. Rich and smooth taste

Hazelnut - delightful flavor of toasty hazelnut

French Vanilla - Tantalizing vanilla flavor and aroma

DIRECTIONS

Use 2 tablespoons of coffee for every 6 ounces of water or adjust to your preference.

STORAGE AND SHELF LIFE

Keep at room temperature to preserve freshness. Store away from humidity, heat, and light. 18 month shelf life.

C A N N A G L O B E

White Label - Water and Flavored Water Blends

DESCRIPTION

Our crystalline Water Soluble Liquid offers unlimited cannabinoid-infused beverage product development opportunities. Crystalline is colorless, flavorless, and provides true solubility. Since the cannabinoid particles are a minuscule 25 nanometers in diameter, they pass through soft tissue or mucosal membranes, becoming immediately bioavailable. No other process for solubilizing cannabinoids produces bioavailability to this extent.

Cannabinoid potency up to 10mg/mL; varies per customers request.

Flavors and blends; varies per client request.

DIRECTIONS

Varies per client request
