CBD WATER & BEVERAGES

CBD WATER & BEVERAGES

Our Crystalline CBD Water Soluble Liquid offers unlimited CBD-infused beverage product development opportunities. Crystalline CBD is colorless, flavorless and provides true solubility. Since the cannabinoid particles are a miniscule ~25 nanometers in diameter, they pass through soft tissue or mucosal membranes, becoming immediately bioavailable. No other process for solubilizing cannabinoids produces bioavailability to this extent.

- Fast Acting (8 minute average activation)
- Predictable Duration
- Crystal Clear and Flavorless
- CBD Potency up to 10mg/mL
- High Bioavailability
- Retail products can be labeled as ALL NATURAL

CBD WATER & BEVERAGES

CBD WATER & BEVERAGES

Crystalline CBD will self-homogenize in liquids without separation, similar to how simple syrup mixes evenly and clearly into water. This ensures cannabinoids are evenly distributed throughout the product, making it ideal for third-party lab testing for potency and homogeneity variances in samples, especially since the cannabinoids don't stick to packaging. Consumers can have peace of mind about getting a perfect, predictable and consistent dose every time.

CBD TOPICAL PATCHES

CUSTOM STRENGTHS AND FORMULATIONS AVAILABLE

Few things are easier to use than a Topical Patch. Simply place the patch on an area of skin that is free of hair, lotions, and creams. Press down gently and off you go!

Using a CBD patch is as easy as putting on a Band-aid! CBD patches are an excellent alternative to CBD pills, CBD powders, CBD oil tinctures, and other traditional methods of delivering CBD oil to the body. Some of the other benefits of CBD patches include the ease of use, long shelf life, time-release delivery, convenience, avoidance of the digestive tract, and avoidance of metabolism by the liver.

- No Interference with Gastric and Intestinal Fluids
- Standard Full Spectrum 120 mg Per Patch
- Custom Strengths and Formulations Available
- Private Label & White Label Available
- Avoidance of First-Pass Effect
- Simple and Convenient
- Long Duration of Action – 8 Hours

HIGH CBD HEMP CIGARETTES

DERIVED FROM ORGANICALLY CULTIVATED INDUSTRIAL HEMP

Our organic hemp is naturally rich in phytocannabinoids, and very high in cannabidiol (CBD). The unique strain is grown exclusively on organic registered industrial hemp farms. Each flowering female bud is hand trimmed and dried in natural sunlight. Our registered industrial hemp contains absolutely no pesticides or heavy metals and is grown in full organic compliance. The hemp cigarettes are rolled on a top of the line machine and is identical to a normal cigarette such as a Marlboro or Camel. Inside each tightly rolled cigarette is the highest quality phytocannabinoid rich hemp containing a full spectrum of cannabinoids such as **CBD, CBG, CBN, CBC, and terpenes**. Slow burning and fast acting is how we would characterize the experience. Organic hemp CBD cigarettes are available in bulk and wholesale and can also be private label manufactured. We can print your brand or logo on each cigarette and box them however you like.
